

In an effort to support local communities, UMass Global has established scholarship programs with several businesses and professional organizations. Serving to enrich employee workforce development efforts, scholarship programs will provide support for those students who are designated by partnership organizations for participation.

To be eligible for the scholarship, students must satisfy the following criteria:

- Must achieve formal admission status with UMass Global
- Must be an employee, member, or student of a participating Scholarship Partner of UMass Global and start during the term of the partnership agreement.
- If you are applying to the *Corporate Partner Spouse or Dependent Scholarship*, you are required to submit the Employee and Relationship verification.
- Dependent scholarship students are eligible until the end of the session, in which they attain their 26th birthday.
- The scholarship amount is based on the award level stated in the partnership agreement at the time of enrollment. Partnership terms and scholarship rates are subject to change
- Stop-outs maintain their current scholarship if they return prior to the end of two years. However, if a student misses 12 consecutive sessions, they are required to reapply for admission and any currently available scholarships (except the Doctorate in Education which must maintain continuous enrollment)
- Continue to make satisfactory academic progress
- Remain in good academic and financial standing in accordance with the University's existing catalog
- Submit the scholarship application no later than one session after you become eligible for the scholarship in a qualified academic program
- Scholarships will be applied to the current active session/trimester based on date of receipt of the scholarship application and cannot be applied retroactively
- If a student is eligible for more than one scholarship, the scholarship of highest value will be awarded. If qualified, employees of UMass Global and their families may receive scholarship awards when they have fully utilized their annual tuition remission benefits
- All students may supplement their scholarships by applying for federal and state financial assistance at any time during their enrollment at UMass Global

Application Procedures:

- Complete the UMass Global online application for admission
- Complete and submit this Scholarship Application Form
- Achieve formal admission status with UMass Global
- Email the verification of: *CURRENT* Employment, Relationship or Organizational Membership in a PDF format along with this form as attachments to the Office of Admssion at scholarships@umassglobal.edu

NOTE: Scholarships are awarded based on a percentage rate of the tuition and will increase as tuition increases. *UMass Global reserves the right to change tuition and fee rates without notice.*
