

Why do I have to submit this information to the Financial Aid Office?

The Department of Education requires students to be a U.S. Citizen or eligible non-citizen to be eligible to receive financial aid. The Department of Education will perform a database match with the Social Security Administration (SSA) or the Department of Homeland Security (DHS) to determine your citizenship status.

If your citizenship or eligible non-citizen status could not be confirmed during the database match process, you will have to submit **original documentation of your status to the Financial Aid Office**. We will use this documentation you submit to verify that you qualify for financial aid for the academic year.

What do I need to turn in to satisfy this requirement?

If you are a U.S. Citizen, please submit a legible copy of your **original documents** by uploading to your Student Portal:

- Birth certificate showing you were born in US
- 5- or 10-year US Passport (Note: You may not use the passport for both proof of photo ID and Citizenship Documentation)
- Certificate of Citizenship
- Certificate of Naturalization
- Consular Report of Birth Abroad (form FS-240)
- Certificate of birth issued by a foreign service post (form FS-545)
- Certificate of Report of Birth (DS-1350)

If you are an eligible non-citizen, please submit a legible copy of your **original documents** by uploading to your Student Portal.

- Social Security Card (not for employment purposes);
- Permanent Resident Card (Form I-551)
- Alien Registration Receipt Card (Form I-151)
- Arrival-Departure Record, Form I-94 (with parole refugee or asylee stamp)
- Valid passport stamped "Processed for I-551" with an expiration date

What else can I do to satisfy this requirement?

If there is an error regarding your Social Security number or Alien Registration Number on your FAFSA, you can correct the number on your FAFSA and the data will be matched against the SSA or DHS database again. If you pass the database match with your corrected FAFSA, you will not have to submit any documentation to our office.

If you are a U.S. citizen you must notify the SSA of your status. Once the SSA has updated your record, you will be able to pass the SSA database match when your FAFSA is reprocessed. If you pass the database match you will not have to submit any documentation to our office, for current and future years.
