

Course Number, Title and Credits

CSCU 301 - Introduction to Programming - 3 credits

Course Description

This course will introduce students to the basic components of programming and applications of programming skills. This course is designed to introduce the fundamentals of designing, coding, and documenting programs using basic data structures.

Course Learning Outcomes

By the end of this course, students should be able to:

1. Perform basic programming functions in Python.
2. Utilize basic data structures in developing programs.
3. Utilize basic control structures in developing programs.
4. Demonstrate the use of Python abstraction mechanisms.

Required Textbooks

Starting out with Python, 4th edition, Tony Gaddis, Pearson.

Letter Grade/Percentage Equivalents

Grades are determined on a straight-scale basis using the following scales.

A	94%-100%	A-	90%-93%	B+	87%-89%
B	84%-86%	B-	80%-83%	C+	77%-79%

C	74%-76%	C-	70%-73%	D+	67%-69%
D	64%-66%	D-	60% - 63%	F	59% and below

Methods of Evaluation for Determining Grades

Assignment Detail for Course:

Assignments	Possible Points
Lab Programming Assignments	350
Homework Assignments	100
Midterm Exam	250
Final Exam	300
Total Points Possible in Course	1000

Course Outline (Tentative):

Module	Topics&Assignments
Module 1	Hello World, Introduction to Computer Hardware and Software, Data Storage, Algorithm Design <u>Homework 1</u> <u>Lab 1</u>
Module 2	Variables, Inputs, Outputs, Data Types, Strings, Arithmetic Operators <u>Homework 2</u> <u>Lab 2</u>
Module 3	Boolean Logic, Expressions <u>Homework 3</u> <u>Lab 3</u>
Module 4	Decision Structures (if, if-else, Nested Decisions) <u>Homework 4</u> <u>Lab 4</u>
Module 5	Repetition Structures: while, for Loops, Nested Loops <u>Homework 5</u> <u>Lab 5</u>
Module 6	Functions: Definition, Parameters, Return values <u>Homework 6</u> <u>Lab 6</u> <u>Midterm Exam</u>

Module 7	More on Functions, Scope, Modular Programming <u>Homework 7</u> <u>Lab 7</u>
Module 8	Lists, 2D Lists, Tuples <u>Homework 8</u> <u>Lab 8</u>
Module 9	Dictionaries, Sets, More on Strings <u>Homework 9</u> <u>Lab 9</u>
Module 10	File I/O, Exceptions <u>Homework 10</u> <u>Lab 10</u> <u>Final Exam</u>

Course Requirements

Access to a computer with Python (latest stable version) and an Integrated Development Environment (e.g., IDLE, VS Code, etc.). Reliable internet connection to access the Moodle learning platform, course videos, and assignments. Ability to complete and submit assignments and exams on Moodle.

Academic Integrity

The University of Massachusetts Global is an academic community based on the principles of honesty, trust, fairness, respect and responsibility. Academic integrity is a core University value, which ensures respect for the academic reputation of the University, its students, faculty and staff, and the degrees it confers. The University expects that students will conduct themselves in an honest and ethical manner and respect the intellectual work of others.

Submitting to faculty work completed by the use of any artificial intelligence tool without permission and/or when prohibited by class policy. When faculty require the use of technology, including artificial intelligence, as a part of an assignment for the course, there is no violation. Students are reminded to consult syllabi, assignment sheets/rubrics, program documents and their faculty. Use of artificial intelligence, when permitted, must be correctly cited in the assignment.

The UMass Global online library provides resources to support research, proper citation styles, and the safe and responsible use of generative artificial intelligence or Gen AI.

- The [Academic Integrity and Plagiarism Avoidance](#) page provides guidance to help students better understand academic integrity and includes tips on how to avoid plagiarism.
- The [Citing Sources](#) page offers guidance on how to properly cite using APA, MLA, and Chicago styles.
- The [Artificial Intelligence Resource Guide for Students](#) provides advice for understanding and

appropriately using generative artificial intelligence tools such as ChatGPT and Bard.

UMass Global's Office of Accessible Education

Students who require disability-related services or accommodations to access their educational experience can register with the Office of Accessible Education (OAE). The Office of Accessible Education (OAE) is committed to ensuring equal educational access and opportunity for all members of our academic community. Students will be provided equitable and reasonable accommodations and services that are in compliance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 (ADA)/Americans with Disabilities Act Amendments Act of 2008 (ADAA). Registration with OAE is on a voluntary, self-identifying basis. Please visit the Office of Accessible Education (OAE) website for more information about how to register for services, eligibility requirements, and information about potential academic accommodations and services.

Our university is committed to ensuring equal access for all students. Let us know about any accessibility barriers you encounter using any of our online systems or websites by submitting a [Feedback or Accessibility Concern Submission Form](#). We'll do our best to improve things and get you the information you need.

UMass Global's CARES Team

The CARES team is a campus-wide team of appointed staff and faculty responsible for identifying, assessing, and responding to concerns and/or disruptive behaviors by students, faculty/staff, and community members who struggle academically, emotionally, or psychologically, or who present a risk to the health or safety of the university or its members.

Individuals may refer themselves or other community members of concern by emailing cares@umassglobal.edu or by filling out a referral form [here](#). The CARES Team provides short term assessment, intervention, support, and recommendations of resources to those referred and engaged in the process.

UMass Global's Title IX Statement

The University of Massachusetts Global strives to maintain and foster a climate that promotes respect and human dignity. Sexual misconduct and relationship violence in any form is antithetical to the university's mission and core values, violates university policies, and may also violate federal and state law. The office of Title IX is primarily concerned for students' safety and well-being and is tasked with investigating all reports of sexual misconduct experienced by our community members. Title IX prohibits sex-based and gender-based discrimination and harassment, which includes discrimination based on pregnancy and/or pregnancy-related complications, parental status, and marital status. Students expecting or experiencing pregnancy-related complications, that may require educational

accommodations, should contact the University's Title IX Coordinator and/or the Office of Accessible Education.

The University and Title IX's prohibition of sex discrimination also covers sexual harassment, sexual violence, and any other form of sexual misconduct. We offer options and resources to all students affected by these issues and are committed to providing a fair, thorough, and prompt investigation and adjudication process. If you or someone you know has been impacted by sexual assault, dating, and domestic violence, stalking, or sexual exploitation, please visit the [University's Title IX Resource Page](#) to access additional resources and information.

UMass Global's staff and faculty are tasked with reporting any possible sex or gender-based discrimination or Title IX violations to the University's Title IX Coordinator at civilrightscomplaints@umassglobal.edu.
